- What do we want to accomplish? How will we know if we are successful? If we have failed?
- What are the key expectations we have of each other?

## COMMUNICATIONS

- What specific meeting guidelines do we want to follow?
- How should we address conflict or difficult conversations?
- Should we share our work publicly or stay private?
- How should we communicate with funders and/or leadership?
- How should we give feedback?

## DECISION-MAKING

- What commitments do we make to each other to complete assigned tasks in a timely fashion?
- Who makes decisions?
